

<b>Meeting</b>	<b>Item</b>	<b>Action</b>	<b>Action by</b>	<b>Status</b>
4/11/25	St Pancras Hospital transformation programme: an update on the NHS's engagement and involvement approach	A further update be provided after another year.	Director of Service Development: Community and Mental Health (ICB)	To be scheduled in November 2026
4/11/25	A further report to monitor recommendations was requested after a further year.	A further update be provided after another year.	Director of Health and Wellbeing	To be scheduled in November 2026
4/11/25	Safeguarding Adults Partnership Board Annual Report	The Cabinet Member for Health, Wellbeing and Adult Social Care added that a Board subgroup had produced support materials on cuckooing, which could be redistributed to councillors.	Safeguarding Adults Board Manager (interim)	In train
9/9/25	Annual Report of the Cabinet Member for Health, Wellbeing and Adult Social Care	Members sought clarification on whether Change Grow Live (CGL) services were keeping up with increasing demand. Kirsten Watters, Director of Health and Wellbeing, stated that exact figures on the number of people in treatment compared to the treatment target could be provided.	Director of Health and Wellbeing	Response shared with the committee on 15/10
9/9/25	Annual Report of the Cabinet Member for Health, Wellbeing and Adult Social Care	In response to queries about waiting times for iCope counselling services, the Director of Health and Wellbeing stated that iCope services were commissioned by the NHS and that the data on waiting times would be obtained from the Integrated Care Board (ICB) and circulated to the committee.	Director of Health and Wellbeing	Response shared with the committee on 15/10
9/9/25	Annual Report of the Cabinet Member for	Members requested a breakdown of treatment types and success rates for substance misuse, particularly regarding	Director of Health and Wellbeing	To be scheduled

	Health, Wellbeing and Adult Social Care	abstinence-based recovery versus long-term methadone use, and relapse rates. The Director of Health and Wellbeing offered to provide a separate report with detailed data on drug and alcohol services, including penetration rates, successful treatments, and re-entry rates, emphasizing that multiple service uses were not necessarily treatment failures.		
9/9/25	Annual Report of the Cabinet Member for Health, Wellbeing and Adult Social Care	It was noted that there would be an enhanced offer on community pharmacies for routine vaccinations in the winter, with a campaign around the increased eligibility for the shingles vaccine. Care home vaccines were being supported for the workforce because of the difficulty they could face in accessing seasonal vaccinations, working late and, being disproportionately women, often having unpaid caring responsibilities. Increasing immunisation rates had become routine work, with small gains. A report on vaccinations for older adults could be brought to a future meeting.	Director of Health and Wellbeing	To be scheduled
9/9/25	Annual Report of the Cabinet Member for Health, Wellbeing and Adult Social Care	Officers agreed to provide data on the Work Ready Coach and Learning Disability Job Hub Advisor initiatives, including how many people were engaging and how many were able to maintain employment as a result.	Director of ASC Strategy and Commissioning and Deputy DASS	In train
9/9/25	Annual Report of the Cabinet Member for Health, Wellbeing and Adult Social Care	The Director of Health and Wellbeing explained that the Kailo research project was looking at the structural determinants of adolescent mental health. A report could be	Director of Health and Wellbeing	To be scheduled

		scheduled for a future meeting to provide more detail.		
9/9/25	North Central London Integrated Care Board (NCL ICB) dental transformation and dental services update	A list of NHS dental services could be shared with the committee.	Head of Primary Care Commissioning; Dentistry, Optometry and Pharmacy	NHS find a dentist website shared with Members 29/9
9/9/25	North Central London Integrated Care Board (NCL ICB) dental transformation and dental services update	The Cabinet Member for Health, Wellbeing and Adult Social Care highlighted a report by Healthwatch a few years previously on why residents did not attend regular dental check-ups and offered to circulate it.	Cabinet Member for Health, Wellbeing and Adult Social Care	Report shared 29/9
9/9/25	North Central London Integrated Care Board (NCL ICB) dental transformation and dental services update	It was suggested that the reporting on children's dental care be referred to Children, Schools and Families (CSF) Scrutiny Committee for consideration.	Senior Policy and Project Officer	Referred to Chair of Children Schools and Families Scrutiny Committee
9/9/25	Work programme and action tracker	The Chair requested that a report on proposed changes affecting Healthwatch be scheduled. Members also recommended adding an item on the effectiveness of reablement packages within Camden.	Senior Policy and Project Officer	To be scheduled
8/7/25	Cabinet Member Update	In response to a question about the Social Connection Workshops, it was clarified that they had taken place during June 2025 and had been well-attended. Outputs would be brought to a future committee meeting. The Chair requested that workshop participants be invited to speak to the report.	Director of ASC Operations and Deputy DASS	Workshop participants to be invited when the next Community Connectedness update comes to the Committee

8/7/25	Cabinet Member Update	Officers would respond following the meeting to a question about whether the average waiting time for adaptations included the wait for an Occupational Therapy assessment.	Director of ASC Operations and Deputy DASS	Response: Waiting times for adaptations are captured separately from the waiting time for the OT assessment but ASC are currently undertaking a joint piece of work with Housing colleagues to review the end-to-end processes and waiting times.
8/7/25	New Model of Mental Health Social Work in Camden	It was noted that a good outcome for residents would be if they did not notice anything different resulting in a detriment to the service or their wellbeing. Performance data would be both qualitative and quantitative. An evaluation framework would be developed shortly. Officers would provide information to the committee on the number of service users.	Director of ASC Operations and Deputy DASS	As of August 2025, there are 786 service users.
