Dear Licensing Team,

I am writing to express my support for the premises licence variation application for Imperial Restaurant.

Imperial Restaurant operates as a regular, sit-down restaurant and should not be compared to a nightclub, late-night venue, or a public house. It is not a venue associated with excessive drinking or disorderly behaviour.

The business has been serving the local area for many years as a well-established local restaurant and has not caused disturbance or nuisance to the surrounding neighbourhood. For these reasons, I fully support this long-standing local business and the application submitted.

Yours sincerely,

Re: Imperial Restaurant, Birchington Road NW6 4LJ

Dear Sir,

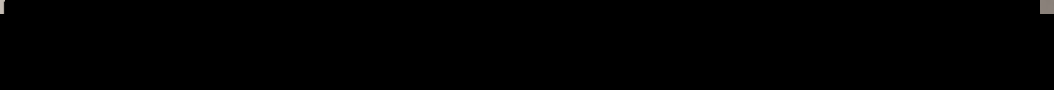

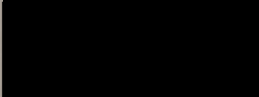

I have been a regular customer at the Imperial (formerly Vila Ronel) for over twelve years. It is a very friendly, small (extended) family-run restaurant and it has been a source of great pleasure to me to see the successive generations there grow to maturity and take their turns in the business. This has doubtless helped provide such a child-friendly environment for their customers as well. I feel privileged to be welcomed as an "honorary Albanian" by their regular customers and have always appreciated how those customers are quick to assist my elderly friends on their regular visits.

As a Camden license holder myself I have admired the way that on the very rare occasions (inevitable in any licensed premises) that trouble has started to raise its ugly head the staff on duty have dealt with matters with sensitivity, compassion and the ideal level of firmness to avoid any escalation.

The family themselves are amongst the kindest and gentlest people I know with a genuine investment in the local community and I feel personally affronted by suggestions that they are in some way a danger.

There is genuinely nobody I can think of who would be better suited to running the premises to the benefit of the local and wider community than the current owners.

Yours Sincerely,

Tim West-Meads

COMMUNITY SUPPORT LETTER – LICENSING APPLICATION FOR IMPERIAL BAR & RESTAURANT

11 July 2025

To: Camden Licensing Authority

Re: Application Reference APP\PREMISES-NEW\129119 – Imperial Bar, 44–46 Birchington Road, NW6 4LJ

We, the undersigned residents and members of the local community, are writing in support of the licensing application submitted by Imperial Bar & Restaurant, located at 44–46 Birchington Road.

Imperial Bar is a well-established, family-run business that has been serving this neighbourhood for over 15 years without any history of complaints, public nuisance, or disorder. The current licence application simply aims to extend the existing licence to include the adjoining premises, which has been recently integrated into the restaurant space. There is no proposed change to the nature or character of the business.

We support this application for the following reasons:

- **Proven Track Record of Responsible Operation:** Imperial Bar has operated responsibly and peacefully for over a decade, maintaining good relationships with neighbours and ensuring the premises remain safe, respectful, and community-friendly.
- **No History of Complaints or Disturbances:** In all these years, there has been no evidence of noise complaints or anti-social behaviour associated with the venue. The management has consistently demonstrated a commitment to operating within legal and community standards.
- **Minimal Change – Same Business, Same Standards:** The application does not seek to open a nightclub or substantially change operations. It merely reflects a structural expansion, requiring the licence to cover the new, adjacent unit. Opening hours and usage remain consistent with the current, approved operation.
- **Valuable Community Hub:** Imperial Bar is a welcoming and inclusive venue for local families, friends, and professionals. It contributes positively to the area's sense of community and local economy.

We trust Camden Council will take into account the business's excellent track record and the continued support of its neighbours.

Sincerely,

Local Residents Supporting the Application
