

LONDON BOROUGH OF CAMDEN	WARDS: ALL
REPORT TITLE: Annual Report – Work of the Panel & Terms of Reference Review	
REPORT OF DIRECTOR OF PROPERTY MANAGEMENT	
FOR SUBMISSION TO: Housing Fire & Building Safety Panel	DATE 28 January 2026
SUMMARY OF REPORT: The report reviews the range of issues the Housing Fire & Building Safety Panel has considered over the last 12 months. The Panel also reviews its terms of reference each year. Local Government Act 1972 – Access to Information The following documents have been used in the preparation of this report: No documents that require listing have been used in the preparation of this report, Contact Officer: Melissa Dillon, Resident Safety Engagement & Government Lead. Email: Melissa.dillon@camden.gov.uk Tel.0207 974 3100	
RECOMMENDATIONS The Panel is asked to: i. Review activity over the preceding 12 months against the objectives in the Terms of Reference attached as the appendix to the report. ii. Agree to defer review of the Terms of Reference as set out in paragraph 1.3 of the report.	

Gavin Haynes - Director Property Management

Date 16th January 2026

1. Purpose of Report

- 1.1 The Housing Fire & Building Safety Panel Terms of Reference (ToR) require that a review of the work of the Panel against its objectives is undertaken every year. The Terms of Reference are normally reviewed in January, a copy of the terms of reference is provided as an Appendix to this report.
- 1.2 The pace of change and introduction of new regulatory requirements has slowed somewhat over the last 12 months as government works through the recommendations of the Phase 2 Grenfell Inquiry report. An update on the timelines for Government plans for the implementation of the phase 2 recommendations was published on 17th December 2025 - [Implementation timeline for Grenfell Tower Inquiry recommendations - GOV.UK](#).
- 1.3 The timeline runs from 2026 to 2029 with recommendations being implemented either through secondary legislation/regulations where the Building Safety Act allows but with a significant number of recommendations requiring primary legislation which is expected to be enacted between 2027 and 2029.
- 1.4 The objective is for the revisions to the legislative framework to be complete from 2028 to 2029 for a Single Construction Regulator to have been established to allow a holistic construction and building safety regime to come into force. To date government has consolidated responsibilities for the Fire Safety Act 2021 and the Building Safety Act 2022 under a single government department – Ministry for Housing, Communities and Local Government with the Building Safety Regulator reporting into MHCLG.
- 1.5 Further updates on the Grenfell recommendation programme are expected early in the new financial year and hence it is proposed to defer review of the Panel's Terms of Reference to the Spring or Summer meeting to allow any Grenfell changes to be taken into account
- 1.6 This report also reviews the activity of the Panel over the last 12 months as set out in section 2 and Appendix 2 of the report

2.0 Panel Activity January – December 2025

- 2.1 The main building safety development in 2025 was the publication of Residential Personnel Emergency Plan Regulations (RPEEPS) which come into force in April 2026. The Panel discussed a report on the Councils preparation for RPEEPS implementation at their October meeting.
- 2.2 In November 2025, the government wrote to the Council to confirm that £214,647 revenue and £984,417 capital grants have been allocated to

Camden for the development of the RPEEPS process and funding of agreed reasonable adjustments to individual residents Council homes and/or adaptation to the communal parts of the buildings in which they live. At the time of writing the Council is awaiting further notification of the arrangements for grant claim and details of the RPEEPS costs that are eligible for grant..

2.3 During 2025 the Panel met formally four times in 2025 requesting and discussed 18 reports. The Panel also received monthly updates on the Council's performance against the Voluntary Undertaking Action Plan on Fire Safety agreed with the Regulator of Social Housing.

2.4 In addition to the formal meetings, Panel members received 54 written briefings, invitations to participate in conferences or external panels and trials and to review communication materials. Brief details of activity in 2025 are set out in Appendix 2.

3.0 Legal Comments

3.1 The Borough Solicitor has been consulted and has no legal comments on this report

4.0 Comments of Executive Director Corporate Services (Finance Comments)

4.1 There are currently no financial implications arising from this report.

5.0 Environment Implications

5.1 There are no specific implications arising from this work.

6. Appendices

6.1 Appendix 1 – Terms of Reference

6.2 Appendix 2 – Activity of the Panel in 2025

ENDS

APPENDIX 1: TERMS OF REFERENCE

LONDON BOROUGH OF CAMDEN HOUSING FIRE AND BUILDING SAFETY PANEL TERMS OF REFERENCE JANUARY 2026

1. PURPOSE

- 1.1 The Housing Fire and Building Safety Panel supports Camden Council's landlord service to meet its regulatory requirements to tenants and leaseholders in relation to the safety of residents' homes. This includes how the Council monitors the condition of its stock, including damp and mould, as well as compliance with fire, electrical, gas, legionella, asbestos and lift safety checks.
- 1.2 The panel will also support how the Council manages risk of fire by making recommendations and conducting reviews to facilitate effective fire prevention, preparedness, and response and recovery strategies. The Panel will scrutinise and advise on the Council's fire and building safety compliance in line with the Fire Safety Act 2021, Building Safety Act 2022 and the Social Housing (Regulation) Act 2023. The Panel will support the Director of Property Management in ensuring that tenant and leaseholder voices are at the centre of the Council's innovative approach to property safety.

2 OBJECTIVES

- 2.1 The Housing Fire and Building Safety Panel meets regularly to:
 - Receive officer reports on how the Council is working to comply with the Safety & Quality consumer standard, as monitored by the Regulator for Social Housing.
 - Receive officer reports on the status of work being undertaken, in and around council owned homes to achieve compliance with current fire safety legislation and regulation.
 - Provide oversight of progress in delivering Fire & Building Safety Charter commitments.
 - Consider whether arrangements for reviewing fire safety and related safety issues in and around council owned homes are adequate.
 - Receive reports on relevant staff training to ensure that there is improved recognition of fire and building safety breaches and appropriate action taken.
 - Consider what information and training might be appropriate for residents to improve fire safety awareness and readiness in the event of a fire.
 - Receive officer reports summarising recent fire safety and compliance concerns raised by residents who are tenants, leaseholders, and tenants of leaseholders across the borough; and consider Council actions in response to those concerns.

- Understand the nature of and reasons for recent fires in Council owned homes to inform the Panel's own fire safety recommendations.
- Find ways to encourage residents to become more aware of fire and building safety issues and to take responsibility for safety in and around their homes.
- Review the Council's tenancy conditions and new residential leases (and rules and regulations for leaseholders generally) to ensure that they are sufficiently robust around fire safety issues and to receive reports on appropriate action being taken by officers where breaches occur.
- Review the *Tenants Guide* and make proposals for amendments to add any new requirements developed as a result of the findings of the Panel.
- Consider wider best practice and recommend to the Council where good fire safety initiatives implemented elsewhere might also work in Camden.
- Work with the Council to develop effective regular communications in appropriate formats for Camden residents around fire safety.

3 MEMBERSHIP

3.1 Meetings of the Panel will be chaired in rotation by a Camden Council resident and an independent safety expert, with a resident co-chair and deputy resident co-chair nominated by the Panel. The membership of the Panel is as follows:

3.1.1 Resident Membership

Up to 12 resident (tenant and leaseholder) members selected for their expertise, with speaking and voting rights, to include where possible:

- 1 District Management Committee representative with speaking and voting rights
- 1 Tenant Management Organisation representative with speaking and voting rights

During recruitment the Council will be mindful of trying to achieve a Panel that includes residents living in:

- a high-rise block
- a TMO managed property
- a street property.

A resident member may be co-opted to serve on the Housing Fire and Building Safety Panel to achieve this balance.

3.1.2 Other Membership

- The Leaders of all groups on the Council (3 places)
- The Green Party (1 place)
- The Cabinet Member, Better Homes (1 place)
- Nominated Councillors (2 places)
- The Council's Director of Property Management

- Two nominated representatives of the Borough Fire Brigade Commander (Including a representative from the Regulatory Fire Safety Department)
- A nominated representative from the Council's Property Service (observer)
- A nominated representative from the Council's Housing Management Service (observer)

- 3.2 The majority of the resident members will be Council tenants.
- 3.3 Resident Panel Members may serve up to a three-year term subject to review at the end of year's one and two.
- 3.4 The resident Chair is rotated annually on the anniversary of the Panel's establishment.
- 3.5 An independent safety expert will be appointed to serve as co-chair.

4 AGENDAS

- 4.1 Agendas are agreed by the Co-Chairs in advance of the meetings, to ensure that all Panel members can be fully prepared.
- 4.2 Potential agenda items may be submitted to Co-Chairs, for consideration by Panel members or Council Officers. Items may be submitted up to three weeks prior to each meeting. These proposals will be added to the standard work plan report for discussion by the Panel, and subject to their agreement added to the report forward plan and allocated to a Panel agenda to allow time for the preparation of the appropriate report
- 4.3 Nothing goes on the agenda that is subject to investigation; or should the Borough Solicitor advise that for any reason that an item would be inappropriate.

5 MEETINGS

- 5.1 The Chair(s) with the support of the Council will:
- Facilitate no less than four formal meetings of the Panel per year
 - Consult members prior to setting each agenda
 - Ensure that the meeting is run in accordance with the Engagement Code of Conduct
 - Be non-voting (in circumstances where a formal vote is required to agree a recommendation)
- 5.2 Alongside four formal meetings, members may be asked to attend up to two private workshops per year for additional training and information gathering. They will also be invited to attend other informal briefings where relevant.

6 ATTENDANCE

- 6.1 There is an expectation that Panel members will attend at least 75% of all formal meetings. It will be assumed that members who fail to attend 2 consecutive meetings without having given apologies will have stepped down and a new nomination will be formally requested.

Quorum

- 6.2 A minimum of 5 Panel members (including 2 resident representatives) must be present at the meeting for recommendations to be made.
- 6.3 Other residents may be invited to the meeting to provide information. Other officers may be invited to present reports or provide legal advice.

7 DECISION MAKING

- 7.1 The panel will make recommendations to decision makers in the Council and the results of those recommendations will be reported back to the panel.
- 7.2 The Director of Property Management will be responsible for ensuring that recommendations are reported to the appropriate officer, action taken and feedback given.

8 DISPUTES

- 8.1 An independent method will be sourced in order to find resolution in cases where disputes arise between Panel members.

9 ANNUAL REVIEW

- 9.1 The performance of the Panel against its objectives and its Terms of Reference will be reviewed annually.

ENDS

APPENDIX 2: ACTIVITY OF THE PANEL IN 2025

Date	Panel Meeting	Report Summary
29 th January 2025	6 reports	
	Annual Review of the Operation of the Panel	Terms of Reference review and overview of work of the Panel in 2024 & how it was meeting its objectives.
	Leaseholder Access Options	An overview of the options for gaining access to Leasehold properties in order to carry fire and other safety compliance inspections and works.
