

Appendix B – Action Tracker

Meeting	Item	Action	Action by	Status
26/2/26	Camden All-age Autism Strategy	The Director of Adult Social Care Strategy and Commissioning commented on the aim for all services to be autism informed. Existing support mechanisms were outlined, including close collaboration with the Autism Hub, the recommissioning of Reach Out Camden (which offered mental health services with specific provisions for autistic adults), and ongoing work with Resources for Autism to develop new independence programmes. These programmes focussed on a range of areas, including life skills, health and well-being, and social communication skills. Detailed information about these programmes could be shared with the Committee.	Director of Adult Social Care Strategy and Commissioning	Response sent to committee members 12 th March 2026
26/2/26	Camden All-age Autism Strategy	It was noted that neurodiversity should be considered in Housing Allocations Policy, given that the suitability of housing arrangements, with factors like noise, light, and environmental surroundings, profoundly impacted the ability of autistic individuals to live fulfilling lives. The Director of Adult Social Care Strategy and Commissioning concurred with the importance of housing allocations, noting the recent appointment of an accommodation lead who would collaborate closely with housing colleagues on appropriate housing solutions. An update could be provided in due course.	Director of Adult Social Care Strategy and Commissioning	To be scheduled
26/2/26	Healthwatch Camden, and NHS reforms impact	North Central London Integrated Care Board and the London Borough of Camden's Executive Director of Adults and Health bring a joint report on their plans for capturing patient voice after Healthwatch Camden is disbanded later in the year once further detailed guidance has been published.	North Central London Integrated Care Board Executive Director of Adults and Health, Camden Council	To be scheduled

26/2/26	Cabinet Member Update	More detailed information was requested on the Food Mission, given that the provided only a brief overview. The Cabinet Member acknowledged the extensive activities underway within the Food Mission space, including the food partnership, initiatives focused on food growing and production, the development of food co-operatives across the borough, with efforts to move away from traditional food bank models towards approaches that emphasised dignity and choice. It was proposed that a separate, more comprehensive update would be beneficial to provide greater detail.	Senior Policy and Projects Officer	To be scheduled
26/2/26	Cabinet Member Update	Concerns were raised about the quality assurance processes governing assessments within adult social care. This concern was prompted by a specific case involving a resident who felt unheard and found the assessment process to be deeply unsatisfactory. The Director of Adult Social Care Operations offered to discuss the case concerns with Councillor Anna Burrage outside of the meeting.	Director of Adult Social Care Operations	In train
26/2/26	Cabinet Member Update	The Cabinet Member confirmed that the Who Cares? initiative was progressing through its final stages, and a more detailed update would be provided once all insights had been thoroughly collated. It was also noted that the Casey Commission has expressed considerable interest in this work, with its findings expected to feed into the Commission's ongoing deliberations.	Senior Policy and Projects Officer	To be scheduled
1/12/25	Cabinet Member Update	Sue Hogarth, Deputy Director of Health and Wellbeing offered to report to the committee with more details on addressing barriers to physical activity.	Deputy Director of Health and Wellbeing	To be scheduled
1/12/25	Cabinet Member Update	It was suggested that a longer report could be provided on the hoarding support work.	Senior Policy and Projects Officer	A report on hoarding is scheduled for February 2026

1/12/25	Community Connectedness	The Chief Executive of Healthwatch Camden offered to share the upcoming diabetes report with the committee and bring it formally to the Committee with collated responses in two to three months.	Chief Executive, Healthwatch Camden	To be scheduled
1/12/25	System Transformation: NHS 10 Year Plan	The Committee requested that an update on the ICB merger and change programme be provided in March 2026.	Director of Place, West (Camden and Barnet), NCL ICB	Scheduled for March 2026
1/12/25	Suicide Prevention	High app downloads in NW1 were linked to high footfall, billboard campaigns, and potentially a younger demographic. It was hoped for increased awareness with people able to draw on resources. Analysis was being undertaken into the demographics of those who had downloaded the app. The analysis could be shared with the committee.	Public Health Senior Strategist – Healthy Lives	In train: Analysis to be shared once complete
1/12/25	Suicide Prevention	The Cabinet Member for Health, Wellbeing and Adult Social Care offered to have the Zero Suicide Alliance training link, which was mandatory for staff, resent to all Committee members. Other training by Public Health on suicide prevention was also requested to be circulated to the committee.	Public Health Senior Strategist – Healthy Lives	Links to training shared with the Committee 3/12
1/12/25	Work Programme and Action Tracker	Updates on NHS 10 Year Plan and ICB merger, and the North London NHS Foundation Trust and Tavistock and Portman NHS Foundation Trust proposed merger, were requested to be scheduled in March 2026.	Senior Policy and Projects Officer	Update to be shared with the committee.
4/11/25	St Pancras Hospital transformation programme: an update on the NHS's engagement and involvement approach	A further update be provided after another year.	Director of Service Development: Community and Mental Health (ICB)	To be scheduled in November 2026
4/11/25	Health and Adult Social Care Scrutiny Committee Screening and Prevention	A further update be provided after another year.	Director of Health and Wellbeing	To be scheduled in November 2026

	Panel - November 2025 Update			
4/11/25	Safeguarding Adults Partnership Board Annual Report	The Cabinet Member for Health, Wellbeing and Adult Social Care added that a Board subgroup had produced support materials on cuckooing, which could be redistributed to councillors.	Safeguarding Adults Board Manager (interim)	In train
9/9/25	Annual Report of the Cabinet Member for Health, Wellbeing and Adult Social Care	Members sought clarification on whether Change Grow Live (CGL) services were keeping up with increasing demand. Kirsten Watters, Director of Health and Wellbeing, stated that exact figures on the number of people in treatment compared to the treatment target could be provided.	Director of Health and Wellbeing	Response shared with the committee on 15/10
9/9/25	Annual Report of the Cabinet Member for Health, Wellbeing and Adult Social Care	In response to queries about waiting times for iCope counselling services, the Director of Health and Wellbeing stated that iCope services were commissioned by the NHS and that the data on waiting times would be obtained from the Integrated Care Board (ICB) and circulated to the committee.	Director of Health and Wellbeing	Response shared with the committee on 15/10
9/9/25	Annual Report of the Cabinet Member for Health, Wellbeing and Adult Social Care	Members requested a breakdown of treatment types and success rates for substance misuse, particularly regarding abstinence-based recovery versus long-term methadone use, and relapse rates. The Director of Health and Wellbeing offered to provide a separate report with detailed data on drug and alcohol services, including penetration rates, successful treatments, and re-entry rates, emphasizing that multiple service uses were not necessarily treatment failures.	Director of Health and Wellbeing	To be scheduled
9/9/25	Annual Report of the Cabinet Member for Health, Wellbeing and Adult Social Care	It was noted that there would be an enhanced offer on community pharmacies for routine vaccinations in the winter, with a campaign around the increased eligibility for the shingles vaccine. Care home vaccines were being supported for the workforce because of the difficulty they could face in accessing	Director of Health and Wellbeing	To be scheduled

		seasonal vaccinations, working late and, being disproportionately women, often having unpaid caring responsibilities. Increasing immunisation rates had become routine work, with small gains. A report on vaccinations for older adults could be brought to a future meeting.		
9/9/25	Annual Report of the Cabinet Member for Health, Wellbeing and Adult Social Care	Officers agreed to provide data on the Work Ready Coach and Learning Disability Job Hub Advisor initiatives, including how many people were engaging and how many were able to maintain employment as a result.	Director of ASC Strategy and Commissioning and Deputy DASS	Response sent to committee 23/1/26
9/9/25	Annual Report of the Cabinet Member for Health, Wellbeing and Adult Social Care	The Director of Health and Wellbeing explained that the Kailo research project was looking at the structural determinants of adolescent mental health. A report could be scheduled for a future meeting to provide more detail.	Director of Health and Wellbeing	To be scheduled
9/9/25	North Central London Integrated Care Board (NCL ICB) dental transformation and dental services update	A list of NHS dental services could be shared with the committee.	Head of Primary Care Commissioning; Dentistry, Optometry and Pharmacy	NHS find a dentist website shared with Members 29/9
9/9/25	North Central London Integrated Care Board (NCL ICB) dental transformation and dental services update	The Cabinet Member for Health, Wellbeing and Adult Social Care highlighted a report by Healthwatch a few years previously on why residents did not attend regular dental check-ups and offered to circulate it.	Cabinet Member for Health, Wellbeing and Adult Social Care	Report shared 29/9
9/9/25	North Central London Integrated Care Board (NCL ICB) dental transformation and dental services update	It was suggested that the reporting on children's dental care be referred to Children, Schools and Families (CSF) Scrutiny Committee for consideration.	Senior Policy and Project Officer	Referred to Chair of CSF
