Dear Hackney Licensing

I am writing to object to the license application being made by KrankBrothers for Wilson Street on the ground of public nuisance

I am aware that this is the application for renewal of a previous license held by these licensees. I am a local resident who has had to suffer considerable disruption from these events over the last few years since moving to the area.

This event is always extremely noisy and disruptive to local residents. The loud, amplified music begins at midday and last until 10 pm making it impossible to enjoy outside space or even have windows open at this time. The licensee has failed to engage meaningfully with any local residents, instead they speak to figurehead groups who don't have any actual local connections. They promise the council that they will, for example, mail shot local residence but this is only actually started happening after I complained vociferously that it was not occurring. The licensee does not provide any benefit to locals and merely provide provides disruption - and clearly also cannot be trusted to deliver on their promises.

When the original license was granted the character of the area was very different from how it is now. Back then it was primarily a business area, deserted on weekends, and therefore it may have made some sense at the time to use the facilities to hold this kind of event.. however now the area has a much more residential character (not just in Hackney but please note that as the location is close to the borders of both the city and Islington residential changes in these areas also need to be taken into account), and this event has now become a public nuisance. The event is suitable for a large open space such as Finsbury Park or Victoria Park, where both noise and crowds have a chance to dissipate. It is not suitable to happen around residential streets.

If the committee feels that an event of this type would be suitable for a residential area, I invite them to consider how they would feel if this event was held in the next street to theirs. I imagine that they would be annoyed upset and disrupted by the nuisance.. if they feel otherwise I invite them to ask crank brother to hold the event near to their location instead!

If, in spite of this objection, the committee is nevertheless minded to Grant the license, then strict new control controls should be attached. These should include.

- a reduction of 20 dB in the noise allowed to be produced
- noise to finish by 6 pm not 10 pm
- those few local residents who might want to attend to be given tickets
- any local resident who does not want to attend to be given a train ticket out of the area for the day.

In summary: this event is a public nuisance, it is located in an area which is no longer suitable, it carries no benefits for the residents who are disrupted, and it should not be allowed to continue.

With kind regards
