Dear Waltham Forest Council,

I am writing to express my concern regarding the proposed plan to keep the fence and gate open during the operating hours of Snaresbrook Arts Project (SAP). As you are aware, SAP is designed for adults with learning difficulties and requires a safe environment for its attendees.

Leaving the fence and gate open presents a significant safeguarding issue that could potentially risk the safety of the attendees. This is particularly concerning given the vulnerability of the individuals who attend the SAP, as they may not have the ability to navigate or assess potential risks in their environment.

It is essential that we maintain a secure and safe environment for the attendees at all times. Keeping the fence and gate shut during operating hours will provide the necessary level of security that is required to ensure the safety of those in attendance. This will also provide peace of mind to family members and guardians who entrust the care of their loved ones to SAP.

I strongly urge you to reconsider the decision to keep the fence and gate open during operating hours. The safety and well-being of the attendees must be the top priority, and any decision made should reflect this. I appreciate your attention to this matter and look forward to a positive resolution.

Sincerely,

Zainab Mirza
Manager
