Cancer – Deep Dive		TBC

Postponed items:

Primary Care (end of cycle May 2025, to be taken to INEL around September 2025)

- Officers to bring a case study to a future meeting which demonstrates how a practice could reduce its waiting time for non-urgent appointments to two weeks and; NHS to report on performance monitoring data for those practices that have implemented new telephony systems

Items suggested by members

- The impact of the CASS Report on the ICB Review – demonstrating how the recommendations have been implemented across NEL boroughs.
- An update from Sexual Health Partners outlining their provisions and campaigns’.
- The 10-year plan and the impact on NEL
- Royal London's implementation of a new discharge policy following the safeguarding review and coroner's report on the JL case
- Funding of Enhanced Primary Care Services across NEL from 26/27.

Suggested items from INEL JHOSC members:

1. Services which will be transferred to the ICBs for local commissioning, which were previously commissioned at a national or regional level. The list of potential services is here <https://www.england.nhs.uk/wp-content/uploads/2023/02/board-2-feb-23-item-7-annex-a-final-spa-lists.pdf>.
 - a. What plans are in place to prepare for local delegation?
 - b. How has the amount of money been calculated?
 - c. What are the implications of transfer of specialist commissioning from NHSE to ICBs – notably HIV treatment and care commissioning.

2. Improving outcomes for black women in maternity services.
3. Improving outcomes for black men in prostate cancer treatment.
4. NEL Community Health Services.
5. Update on the constitutional status of INEL and ONEL.
6. Response on the takeover of Operose Practices which was raised at the last meeting.
7. NHS Talking Therapies, for anxiety and depression programme Review (formerly known as Improving Access to Psychological Therapies, IAPT)
