06 GF Door/Glazing Junction

Safety, Health and Environmental Information

In addition to the hazards/risks normally associated with the types of work detailed on this drawing and noted in the Designer Risk Assessments and health and safety plan, note the following:

- It is assured that all works on this will be carried out by a competent Contractor working where appropriate, to be an approved method statement.

- Where applicable, significant residual risks are highlighted in the body of the drawing.

General Note

- All levels and dimensions are approximate, detailed site surveys must be carried out by Contractor before commencement on building works. All levels and dimensions to be confirmed on site.

- All existing drawing information is indicative and subject to the detailed site survey.

- Information is for information only.

- Do not scale from this drawing.

- This drawing is copyrighted.
